Action Taken Report regarding Feedback on Curriculum 2021-2022

The feedback committee at MNR Dental College conducted an online questionnaire survey to obtain the annual feedback on curriculum from various stakeholders of the college like students, staff, parents, alumni and professionals through google forms. The obtained feedback was summarized and analyzed to draw up the results in the form of bar diagrams. An additional suggestions sections was added to the questionnaire.

The following observations were drawn from the feedback:

1. Addition of library and sports period.
2. Request for PhD program for teachers.
3. Request to have a member of BoS.

Action Taken:

For the above suggestions drawn from the feedback a meeting was organised by the feedback committee of the institution and all the points were discussed and taken to the note of the principal of the institution and governance council. Following actions were taken for each point.

1. Request for PhD program for teachers:

A suggestion on adding a PhD program for the lecturers to enroll was given in the feedback as it would help lecturers to keep active research going and help continue increase their knowledge. The Principal of the institution reviewed on the suggestion and wrote a suggestion letter to the Registrar of Kaloji Narayana Rao University of Health Sciences, Warangal.

Action Taken Report regarding Feedback on Curriculum 2020-2021

The feedback committee at MNR Dental College conducted an online questionnaire survey to obtain the annual feedback on curriculum from various stakeholders of the college like students, staff, parents, alumni and professionals through google forms. The obtained feedback was summarised and analysed to draw up the results in the form of bar diagrams. An additional suggestions sections was added to the questionnaire.

The following observations were drawn from the feedback:

1. Adding Multiple Choice Questions in the university exams
2. Revision classes for the topics which were taught through online mode.
3. More clinical training for students
4. Use of more online clinical videos for clinical training.

Action Taken:

For the above suggestions drawn from the feedback a meeting was organised by the feedback committee of the institution and all the points were discussed and taken to the note of the principal of the institution and governance council. Following actions were taken for each point.

1. Adding Multiple Choice Questions in the university exams:

A suggestion on adding of multiple choice questions to the university exam question papers was given in the feedback as it would help students prepare for NEET-MDS more efficiently. The Principal of the institution reviewed on the suggestion and wrote a suggestion letter to the Registrar of Kaloji Narayana Rao

University of Health Sciences, Warangal about adding multiple choice questions as a part of BDS university examination question papers.

2. Revision classes for the topics which were taught through online mode:

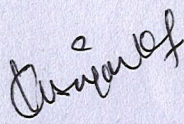

From the feedback obtained other suggestions included on adding up revision classes for the topics which were taught through online mode. The departments were instructed to conduct revision classes for the students during the remedial classes once the institute re opens. The topics which were taught online would be revised in those classes.

3. More clinical training for students

A suggestion was made to the students and the staff to utilise the time of clinical postings more purposefully during their offline college time.

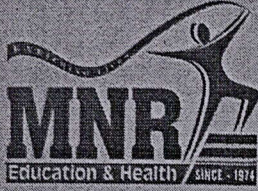

4. Use of more online clinical videos for clinical training

Videos of demos of various clinical and preclinical exercises and soft copies of various text books related to all the departments were made available on the LMS of the institution.

Action Taken Report regarding Feedback on Curriculum 2019-2020

The MNR Dental College's feedback committee had conducted a survey to obtain the annual feedback on curriculum. Various stakeholders of the college like students, teachers, employers, alumni, and professionals have given their responses. They were summarised and analysed to draw up the results in the form of bar diagrams. An additional suggestions section was added.

The following are the observations from the feedback obtained :

- Many students had a grievance regarding the connectivity issues during online classes due to which they were unable to follow certain lectures that were held online.
- The staff have requested to conduct faculty development programs about e-content and online teaching.

Action Taken:

For the above problems noted from the feedback, a meeting was organised by the feedback committee of the institution and all the problems were discussed with the IQAC, the Principal and the Management. The following actions were taken.

- A circular was made instructing to organise revision classes after the college re-opens post lockdown for the topics which were taught through online mode. It had been instructed to the staff to provide study material or powerpoint presentations to the students which would help them understand the topics better in these times of uncertainty.
- IQAC had planned to conduct faculty development programs on e-content development and online teaching platforms like Zoom, Microsoft teams etc.

It is collected from various stakeholders of the college like students, teachers, employers, alumni, and professionals. The obtained feedback was summarised and analysed to draw up the results in the form of bar diagrams. An additional suggestions section was also added to the questionnaire.

The following are the observations from the feedback obtained :

- The students have requested to increase the field visits which would help them to gain more clinical knowledge.
- The staff have requested to start conducting faculty development programs.

Action Taken:

Regarding the above suggestions drawn from the feedback, a meeting was organised by the feedback committee of the institution. All the points were taken to the notice of the IQAC, the Principal and the Management. The following actions were taken.

- A circular was made instructing to organise more number of field visits/ camps which could be attended by the students during their internship to develop more clinical knowledge. This would also be helpful in their personality development by instilling a service oriented mindset.
- IQAC had taken initiation to conduct faculty development programs regarding resource planning, clinical trials, biomedical & health research which would help staff gain a research attitude.
