## THE STRUCTURE AND MECHANISM FOR IQAC

Internal Quality Assurance Cell (IQAC) of the institution, established on 2015 as a quality sustenance measure, focuses on continuous improvement and monitor quality enhancement initiatives. It acts as a medium for delivering and facilitating Quality Culture

**Composition:** As per NAAC guidelines, IQAC has representation from all stakeholders to facilitate multidimensional approach towards quality enhancement.

- It consists of Principal as chairman of IQAC,
- Senior Faculty as IQAC Co-ordinator,
- Management Representative,
- member from local society,
- representatives from each stake holders category parent, alumni, student, and industrialist respectively.

**Aims of IQAC:** Development of conscious and active quality management system to enhance and sustain the institutional quality Internalization of quality culture and institutionalization of best practices.

**Planning of IQAC:** Planning of academic and administrative activities Monitoring the academic progress of various departments through structured mechanism Conducting Academic and Administrative Audit Keeping records of institution quality related data Organizing special programmes for faculty and administrative staff related to quality issues Ensuring adequacy, maintenance, and proper allocation of support structure and services.

### Function of IQAC:

- IQAC Meets quarterly to discuss the various quality issues and give the recommendations to top management to identify the areas of improvements.
- In addition to this, IQAC also designs and develops various policies and procedures for effective governance.
- Establish and ensure quality sustenance on benchmarks/parameters for various academic and administrative activities.
- Collect, analyze and compile feedback from all stakeholder for suggestions and improvements.
- Assess strength, weakness, opportunities and challenges
- Preparing the institution for Assessment and Accreditation in various quality initiatives such as NIRF, AISHE, SIRO, ISO etc.
