ACTIVITY REPORT

TOPIC: STUDENT INDUCTION PROGRAM FOR POST STUDENTS

2021-2022 BATCH.

DATE: 06-04-2022.

VENUE: LECTURE HALL 2.

NUMBER OF PARTICIPANTS: 38

EVENT HIGHLIGHTS:

The commencement of the induction program for the M.D.S first-year students (Batch 2021-2022) at MNR Dental College and Hospital heralded a momentous phase in the academic journey of these budding postgraduates. The purpose of the program was to acclimate the students to the institution, acquaint them with the faculty, and provide them with a comprehensive overview of the upcoming postgraduate curriculum.

The inaugural segment of the program was marked by a warm and engaging welcome speech delivered by Dr. Pranitha, a distinguished Professor from the Department of Pedodontics & Preventive Dentistry. Dr. Pranitha's words of welcome not only set a congenial tone but also facilitated an introduction to the esteemed faculty members of MNR Dental College & Hospital. This introduction acted as a stepping stone towards building strong academic relationships and connections.

PRINCIPAL

An emblematic expression of enlightenment was witnessed through the ceremonial "lamp lighting" ceremony. A unifying act, all staff members, and the esteemed guest lecturer, Dr. Pati, participated in this symbolic gesture, signifying the shared commitment to the pursuit of knowledge and growth.

The proceedings then transitioned to Dr. Ravindra SV, the Vice Principal of MNR Dental College & Hospital. Dr. Ravindra SV embarked on a comprehensive discussion, delving into the Code of Conduct that guides students' behavior and conduct throughout their academic journey. His discourse was not limited to ethics alone; he also elaborated on the structure and expectations of the postgraduate curriculum, providing students with a clear roadmap for their academic endeavors.

Subsequently, the heads of various departments took the stage, offering detailed insights into the individual departments they lead. These informative presentations included a focus on the department's objectives, resources, and the anticipated outcomes of the M.D.S program. This multifaceted approach enabled students to gain an in-depth understanding of the unique aspects of each department.

To foster a sense of camaraderie and integration, the newly admitted M.D.S students introduced themselves to their peers and mentors. This interactive session contributed to building connections and initiating the formation of a supportive academic community.

The highlight of the program was an enlightening guest lecture delivered by Dr. Pati. His expertise enriched the students' understanding of the subject matter and provided a glimpse into the depth of knowledge that they could aspire to achieve.

As the induction program drew to a close, it left an indelible impression on the students. They departed with a heightened sense of anticipation and motivation, well-equipped to embark on their M.D.S journey at MNR Dental College and Hospital. The event not only provided essential information but also sowed the seeds for a network of relationships that will undoubtedly contribute to their growth and success.

Day 1: Virtual Classroom Session

The orientation program for the newly admitted 1st year BDS students at MNR Dental College and Hospital commenced with enthusiasm and anticipation. The program was conducted over a span of four days to provide the students with a comprehensive introduction to their academic journey and the college campus.

The first day began with an opening session led by Dr. Vishnu Priya, Assistant Professor from the Department of Orthodontics & Dentofacial Orthopedics. Dr. Priya warmly welcomed the students and introduced them to the faculty of MNR Medical & Dental College. Following this, Dr. Sunitha, Professor & Head of the Department of Oral Pathology & Microbiology, provided a detailed overview of the rules and regulations that the students were expected to adhere to within the college campus. Additionally, she offered insights into the BDS curriculum structure to familiarize the students with their academic path.

Dr. Ravindra S.V, Principal of MNR Dental College, took the stage next to guide the students on academic expectations and the code of conduct that should be followed during their time at the college. Dr. Ganesh Kulkarni expressed gratitude on behalf of the college and delivered the vote of thanks. The program concluded with an interactive session between the students and staff, providing an opportunity for the students to address any queries they had.

Day 2: College Tour

On the second day, the students embarked on a comprehensive college tour. They were introduced to various departments that play a pivotal role in their dental education. The tour encompassed visits to:

- Department of Oral Pathology and Microbiology
- Department of Oral Medicine and Radiology
- Department of Oral and Maxillofacial Surgery
- Department of Conservative Dentistry and Endodontics
- Department of Periodontology and Implantology
- Department of Orthodontics and Dentofacial Orthopedics
- Department of Pedodontics and Preventive Dentistry
- Department of Public Health Dentistry
- Department of Prosthodontics and Crown and Bridge

This interactive tour allowed the students to become familiar with the facilities, labs, and equipment they would be utilizing throughout their academic journey.

Day 3: Campus Tour

The third day was dedicated to a broader campus tour. The students were taken to the medical college and hospital sections of the campus, offering them an insight into the integrated healthcare approach that the institution embodies. This exposure reinforced the interdisciplinary nature of their education and emphasized the collaborative environment that they would be a part of.

TOPIC: INTERNSHIP ORIENTATION PROGRAM

DATE: 07-09-2022.

NUMBER OF PARTICIPANTS: 85

NAME OF THE SPEAKER: Dr. Sabiha (Reader, Department of Endodontics)

EVENT HIGHLIGHTS:

Embarking on the journey of a dental professional, the newly inducted interns of MNR Dental College convened for an informative and enlightening introductory session. The program commenced with Dr. Sabiha, a respected academic from the Department of Endodontics, elucidating the overarching objectives and the intricacies of the compulsory rotatory internship training period.

The training journey encompasses a diverse spectrum of dental specialties, each contributing uniquely to the holistic development of interns. The breakdown of the training modules is as follows:

- Oral Medicine and Radiology: 1 month
- Oral & Maxillofacial Surgery: 1 ½ months
- Prosthodontics: 1 ½ months
- Periodontics: 1 month
- Conservative Dentistry: 1 month
- Pedodontics: 1 month
- Oral Pathology & Microbiology: 15 days
- Orthodontics: 1 month
- Community Dentistry: 3 months
- Elective: 15 days

Dr. Ravindra S.V, the Principal of MNR Dental College, graced the gathering with insightful discourse. Dr. Ravindra S.V seized the opportunity to illuminate the myriad challenges inherent to the dental profession. His address went beyond

took to the stage to present the white coats to the 1st year BDS students. Each white coat served as a mantle of responsibility and honor, encapsulating the immense potential each student holds as future healthcare providers.

The Hippocratic Oath:

As the climax of the ceremony approached, a solemn hush fell upon the gathering. The students, now adorned in their white coats, stood united to recite the Hippocratic Oath. This venerable pledge, echoing through the corridors of medical history, reinforced their commitment to uphold the principles of ethics, compassion, and excellence in their pursuit of healing.

Conclusion:

The White Coat Ceremony concluded with a palpable sense of purpose and camaraderie. The event achieved its goal of instilling in the students a profound sense of duty and respect for the profession they are embarking upon. The ceremony marked not just the transition from student to practitioner, but also the beginning of a lifelong journey to serve humanity with empathy and skill. With the Principal's words resonating in their hearts, the students departed the ceremony with their white coats as a constant reminder of the noble path they have chosen.

TOPIC: White coat ceremony

DATE: 21st May 2022 at 9:00am.

NUMBER OF PARTICIPANTS: 85

EVENT HIGHLIGHTS:

In an embodiment of tradition and a profound commitment to the values of healthcare, MNR Dental College conducted the much-anticipated White Coat Ceremony. The ceremony serves as a rite of passage for the 1st year dental graduates, welcoming them into the realm of healthcare practice with reverence and purpose. The event was graced by the esteemed presence of the Principal, faculties from all departments, and the eager 1st year BDS students.

Introduction:

The White Coat Ceremony stands as a symbolic representation of the junction where scientific excellence converges with compassionate care. It is a momentous occasion that marks the beginning of a transformative journey for the young dental aspirants. Dr. Harsha, with a rich background in academia and dentistry, initiated the proceedings by shedding light on the profound significance of the ceremony.

Principal's Address:

Dr. Ravindra SV, the distinguished Principal of MNR Dental College, shared his wisdom with the attendees. He eloquently conveyed the profound implications of donning the white coat. Dr. Ravindra SV emphasized that the white coat is not just an attire, but a sacred emblem that encapsulates the responsibilities and ideals of a dentist. He urged the students to embrace the blend of scientific rigor and compassionate service that defines their noble journey ahead.

Presentation of White Coats:

The ceremony continued with a graceful procession of faculties from various departments. These esteemed educators, representing diverse facets of dental practice,

the horizon of challenges, extending to the panorama of opportunities and growth that awaits those who choose this noble path. The students were thus empowered with a broader perspective, fostering anticipation and enthusiasm for their journey ahead.

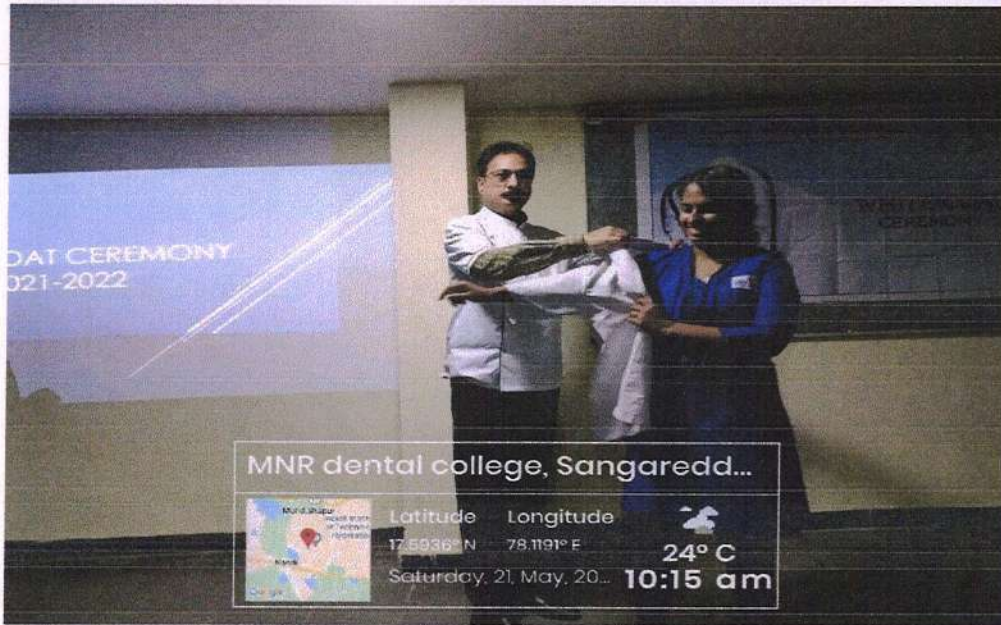

As the culmination of the orientation program approached, the session seamlessly transformed into an interactive platform. This final phase allowed the interns to engage in a meaningful exchange with the esteemed staff members. The interactive session nurtured an environment of open communication, where queries were addressed and clarifications sought.

The inaugural session of the compulsory rotatory internship training program at MNR Dental College concluded with a sense of camaraderie and the promise of a transformative journey. The interns departed with a clearer understanding of the path they are embarking upon, driven by a renewed sense of purpose and determination to excel in the dental profession.

STUDENTS ACTIVITY REPORT

Name of the Activity: Library Orientation Programme

Date: 19/08/2021.

Venue: MNR Central Library

Faculty Involved: Raghunathan (chief librarian), Dr.M.Sangameshwar, Dr. Lavanya, Dr. Sara.

Number of Participants: 21.

Event Highlights:

PGSTUDENTS :

Library orientation has to do with introducing new library users that is PG, to the library.

Library orientation, consists of librarian and committee members to teach library users how to locate the information they need quickly and effectively.

Objectives of Orientation:

To familiarize students with the library facility, resources and services. To acquaint students with basic database searching techniques. To introduce students to issues of academic integrity.

Library rules and regulations:

Library rules and regulations are explained by librarian before the library users.

- Carry your student ID with you when you enter the library.
- Do not take any book or other library material out of the library without following the borrowing procedures.

- Make sure to return the borrowed items by the due date.

Librarian and committee members give Instructions for the new members about the use of library and provided adequate information on library collection. Various types of library collection e.g. printed books, printed journal, digital books, online books and journals, audio visual resources are available in the library.

STUDENTS ACTIVITY REPORT

Name of the Activity: Library Orientation Programme

Date: 08/10/2021.

Venue: MNR Central Library

Faculty Involved: Raghunathan (chief librarian), Dr.M.Sangameshwar, Dr. Lavanya, Dr. Sara.

Number of Participants: 68.

Event Highlights:

I BDS STUDENTS :

Library orientation has to do with introducing new library users that is I BDS, to the library.

Library orientation, consists of librarian and committee members to teach library users how to locate the information they need quickly and effectively.

Objectives of Orientation:

To familiarize students with the library facility, resources and services. To acquaint students with basic database searching techniques. To introduce students to issues of academic integrity.

Library rules and regulations:

Library rules and regulations are explained by librarian before the library users.

- Carry your student ID card with you when you enter the library.
- Do not take any book or other library material out of the library without following the borrowing procedures.

- Do not take any book or other library material out of the library without following the borrowing procedures.
- Make sure to return the borrowed items by the due date.

Librarian and committee members give Instructions for the new members about the use of library and provided adequate information on library collection. Various types of library collection e.g. printed books, digital books, online books, audio visual resources are available in the library.

ACTIVITY REPORT

NAME OF THE ACTIVITY: WHITE COAT CEREMONY 2021

FACULTY INCLUDED: Principal and faculties from all departments

CONTENT/MODE OF DELIVERY: Addressing students on the importance of white coat ceremony, distributing apron to the 1st year dental graduates and Hippocratic oath being taken.

BRIEF DESCRIPTION:

White coat ceremony is a common practice usually intended for 1st year dental students during the initial days of orientation. It signifies the core value of humanity and healthcare practice. This ceremony welcomes the students to healthcare practice. The students are congratulated on their achievement in being selected as dental graduates and told about their commitment of being a dentist henceforth. The epitome of a good dental practice involves scientific excellence and humanity which serves as a motto towards being a dentist. After this short briefing about the importance of the ceremony by The Principal, Dr Ravindra SV sir, addresses the gathering. Furthermore, all faculties are welcomed and requested to present white coats to the students. All students

Hepatitis B virus (HBV) (1)

- Hepatitis B is a viral infection, which causes inflammation of the liver
- It is transmitted through contact with semen, blood or other body fluids from an infected person
- **Most common means of transmission:** from mother to baby around the time of birth, unprotected sex & sharing needles when injecting drugs
- **Less common means of transmission:** unscreened blood or blood products (very rare in Ireland), accidental needlestick/blood exposure in healthcare settings, household/close contact particularly in early childhood, sharing razors or toothbrushes
- 50-100 times more infectious than HIV
- Incubation period (time from infection to onset symptoms) is 6 weeks to 6 months, average 2-3 months

DEPARTMENT OF PERIODONTOLOGY & IMPLANTOLOGY

WEBINAR ON SMART NAVIGATION COVID TIMES

5TH SEPTEMBER 2020

Institution: MNR Dental College & Hospital

Guest speakers: Dr. Neeraja Turagam and

Dr. K.A Ravi Varma Prasad; Professor & HOD, Department of Periodontology and Implantology; MNR Dental College, Sangareddy.

Objective: A lecture on nanotechnology and Suturing and suture techniques was conducted virtually to know their significance in dentistry.

Content delivered: Periodontitis is a chronic inflammatory condition that can be treated by mechanical debridement along with systemic antimicrobials. However, various clinical forms of periodontitis are associated with different microbial floras and hence advances in treatment pattern that included local drug therapies that could resolve diseased condition locally without drug resistance and systemic involvement was discussed.

Audience: Staff, Post-graduates, Interns.

PRINCIPAL

MNR Dental College & Hospital
MNR Nagar, Marsapur Road,
SANGAREDDY Dist. - 502 294 (T.S.)

Description of course: The program was conducted on 5TH September 2020. The event started with an welcome note by Dr. K.A.Ravi Varma Prasad and inauguration by Dr. Sujatha Gopal; Principal, Professor & HOD Department of conservative and endodontics; MNR Dental College at 9.00 am. This is followed by a detailed Power Point presentation by the guest speaker Dr. Neeraja Turagam who spoke about the nanodentistry followed by Dr. Durga Prasad Mudrakolaon the topic "Suturing and suture techniques" from 12.30 am to 1..30 pm followed by a lunch break for half hour. He further spoke about the importance of suturing in periodontics and its recent advances such as the use of tissue adhesives modified suture materials with antibiotic impregnations and its need in periodontics today. He also emphasised on the need of micro sutures and suturing techniques. From 1.30am to 1.00 pm all queries were cleared. It was followed by group discussion with the staff and students. Later, Dr. Sujatha Gopal; addressed the gathering. The session was concluded with a vote of thanks.

Attendance: 33

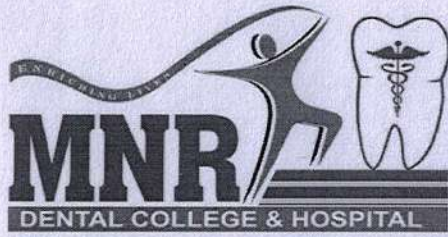

Conclusion: suturing techniques form an integral part of post surgery in periodontics it avoids bleeding and provides comfort to the patient in modern day newly advanced suturing techniques provide better healing and esthetic advantage to the patient. This course highlighted the importance of improved treatment modalities in periodontics.

ACTIVITY REPORT

TITLE OF THE WEBINAR: COME LET'S BECOME POSITIVE DENTITISTS
IN THIS PANDEMIC SITUATION.

Name of the speaker: Dr. Harish Tenneti, Associate Professor, Department of
OSMF

Audience: Faculty, postgraduates, undergraduates

Number of participants:81

Date: 28/05/2021

Time:10:30am to 11:30am

Method of content delivery: A Power Point presentation containing detailed
description.

Objective: The objective of the presentation was to motivate the dentists through
this pandemic situation and the scope of dentistry.

Brief discussion: The session was started with an inaugural speech by vice
principal, Dr. Ravinder. Introduction to the session was given by Dr. G. Harsha,
Professor & HOD. Dr. Haritha, postgraduate, anchored the program followed by

PERSONAL HYGIENE, ORAL HYGIENE, ILL EFFECTS OF SMOKING

PROGRAMME SHEET

DATE	TIME	TOPIC	SPEAKER
06-02-2020	2.00-3.00PM	PERSONAL HYGIENE, ORAL HYGIENE, ILL EFFECTS OF SMOKING	DR.SUMAN

NAME OF THE PROGRAMME: PERSONAL HYGIENE, ORAL HYGIENE, ILL EFFECTS OF SMOKING

JUSTIFICATION: Personal hygiene are the applications that people perform, to protect their health and keep their life healthy. Personal hygiene are the behaviours that must be practiced in daily life, starting from morning to sleep time to protect our health. In order to establish oral hygiene as an important prophylactic measure influencing successful protection of oral health of the whole population, it is necessary to inform as many people as possible about oral hygiene effectiveness and its necessity in preventing oral and dental diseases. Cigarette smoking harms nearly every organ of the body, causes many diseases, and reduces the health of smokers in general. Quitting smoking lowers your risk for smoking-related diseases and can add years to your life.

CONDUCTED BY : Faculty Development Committee

NUMBER OF SUPPORTING STAFF ATTENDED: 06

REPORT OF THE ACTIVITY: The programme was conducted for one hour from 2 to 3 pm. The session begin with a welcoming note by Dr.Ruparani.B. The speaker of the programme was Dr. Suman. Speaker addressed the supporting staff and welcomed their presence. A power point containing detailed description of PERSONAL HYGIENE, ORAL HYGIENE, ILL EFFECTS OF SMOKING . Queries of the delegates were welcomed and the answers of the topic were discussed by the organising committee. The session was concluded by Faculty Development Committee.

LECTURE ON BIOMEDICAL WASTE MANAGEMENT

PROGRAMME SHEET

DATE	TIME	TOPIC	SPEAKER
20.11.18	2.00-3.00PM	BIOMEDICAL WASTE MANAGEMENT	DR.RUPA RANI

NAME OF THE PROGRAMME: LECTURE ON BIOMEDICAL WASTE MANAGEMENT

JUSTIFICATION: Biomedical waste is generated from biological and medical sources & activities such as the diagnosis, prevention or the treatment of the disease. Disposal of waste is an environmental concern, as many medical wastes are classified as infectious or biohazardous and could potentially lead to the spread of infectious diseases. Steps in the management of biomedical waste include generation, accumulation, handling, storage, treatment, transport & disposal.

CONDUCTED BY: Faculty Development Committee

ORIENTATION PROGRAMS PROGRAM REPORTS FOR THE YEAR 2017-2018

**MNR DENTAL COLLEGE AND HOSPITAL,
SANGAREDDY.**

ACTIVITY REPORT

An orientation program is generally conducted for the incoming fresh students to ease the transition from higher secondary school to professional college. Students starting college are usually anxious about all the "unknowns" such as teachers, classes, ragging, and so on. Student orientation programs are designed to guide the students in answering all the questions.

The first-year BDS 2017-2018 batch Orientation program was organized in MNR Dental College and Hospital on 17 August 2017 at Virtual Classroom.

N.o of attendees: 119

Dr. Sujata Gopal, Principal of MNR Dental College and Hospital addressed the gathering and introduced all HOD's to the parents and the students of the first year BDS. Dr. Surekha (Reader in the department of oral pathology) presented information about the university, curriculum, infrastructure, academic schedule, patient ethics, and facilities present on the campus.

Few parents expressed their views about the college. A vote of thanks was presented by Dr. Deepika (Senior lecturer department of periodontics), followed by refreshments, that were given.

ACTIVITY REPORT

TOPIC: STUDENT INDUCTION PROGRAM FOR POST STUDENTS

2017-2018 BATCH.

DATE: 08-12-2017.

VENUE: LECTURE HALL 2.

NUMBER OF PARTICIPANTS: 40

EVENT HIGHLIGHTS:

Welcome Speech by Dr. Pranitha: The program commenced with a warm welcome speech by Dr. Pranitha, Professor in the Department of Pedodontics & Preventive Dentistry. She extended a hearty welcome to the incoming batch of M.D.S I year students, Batch 2017-2018, and introduced them to the faculty of MNR Dental College & Hospital.

Orientation by Dr. Sujatha Gopal: Dr. Sujatha Gopal, the Vice Principal of the institution, took the floor and provided an insightful discussion. She outlined the college's code of conduct, emphasizing the importance of discipline and professionalism among the students. Dr. Gopal also detailed the PG curriculum and explained the examination procedures, ensuring that students had a clear understanding of their academic journey.

Departmental Overviews: Subsequently, heads of various departments took the stage to present an overview of their respective departments. They discussed the facilities, faculty expertise, and the role of each department in the M.D.S program. This allowed students to gain a comprehensive understanding of the resources available to them.

Outcome of M.D.S Program: The HODs also highlighted the expected outcomes and benefits of the M.D.S program, giving students a glimpse of the rewarding career prospects and opportunities that lay ahead.

Student Introductions: To conclude the program, all M.D.S I year students had the opportunity to introduce themselves. This exercise allowed students to get to know each other and foster a sense of camaraderie among the new batch.

Code of Conduct Explanation:

During Dr. Sujatha Gopal's session, she stressed the importance of adhering to the college's code of conduct. Students were informed about the expected behavior, ethical standards, and professional conduct required of them. This included guidelines on punctuality, dress code, academic integrity, and respectful interactions with faculty and fellow students. It was made clear that following the code of conduct was integral to maintaining a positive learning environment and ensuring the overall success of their academic journey.

The program achieved its objective of providing a warm welcome to the new students, introducing them to the college's faculty and resources, and setting clear expectations regarding their conduct and academic responsibilities. This orientation program laid the foundation for a successful and fulfilling M.D.S program for Batch 2017-2018.
