FEEDBACK COMMITTEE REPORT 2021-22

Feedback on Curriculum

Objective:-

MNR Dental College aims to offer the best possible learning experience to encourage students to perform to their full potential. The feedback committee of the college thus, designed feedback forms framed with structured questions, which were relevant and related to various aspects of the present curriculum. In addition to the previously added suggestions section few extra relevant questions were also added to a few forms. This plays a key role in assessing the success of academic provision in relation to the expectations of various stakeholders.

Methodology:-

The questionnaires in the form of google forms were circulated among the stakeholders like students, teachers, employers, alumni and professionals. The whole process was done in an entirely confidential manner. Their responses regarding the curriculum were assessed on several parameters using the Likert type four point scale ranging from Very Good to Unsatisfactory. The parameters that were included are learning value in terms of skills, concepts, knowledge, analytical abilities, applicability/ relevance to real life situations, depth of course content, extent of coverage of course, clarity and relevance of reading material etc.

Analysis & Results:-

Responses given by the stakeholders were analysed by the chairperson of the committee. Results have been produced in the form of bar diagrams showing the percentage of different types of responses obtained.

Suggestions have been made by the feedback committee to address all the grievances related to curricular aspects. Accordingly, a relevant plan of action would be designed and carried out after the approval from higher authorities.

Action Taken Report regarding Feedback on Curriculum 2021-2022

The feedback committee at MNR Dental College conducted an online questionnaire survey to obtain the annual feedback on curriculum from various stakeholders of the college like students, staff, parents, alumni and professionals through google forms. The obtained feedback was summarized and analyzed to draw up the results in the form of bar diagrams. An additional suggestions sections was added to the questionnaire.

The following observations were drawn from the feedback:

1. Addition of library and sports period.

2. Request for PhD program for teachers.

3. Request to have a member of BoS.

Action Taken:

For the above suggestions drawn from the feedback a meeting was organised by the feedback committee of the institution and all the points were discussed and taken to the note of the principal of the institution and governance council. Following actions were taken for each point.

1. Request for PhD program for teachers:

A suggestion on adding a PhD program for the lecturers to enroll was given in the feedback as it would help lecturers to keep active research going and help continue increase their knowledge. The Principal of the institution reviewed on the suggestion and wrote a suggestion letter to the Registrar of Kaloji Narayana Rao University of Health Sciences, Warangal.
