## LIST OF COURSES THAT INTEGRATE CROSS-CUTTING ISSUES

Our Institution integrates cross-cutting issues relevant to gender, environment and sustainability, human values, health determinants, right to health and emerging demographic issues, and professional ethics into the curriculum as prescribed by the university

Program	Issue addressed	Title of the course	Description
BDS & MDS	Human values and Professional ethics	Public health dentistry- No tobacco day	The main aim of conducting this program was to spread awareness about the dangers of using tobacco and how health problems can be tackled by clinicians when one quits smoking.
		Public health dentistry- Drive for blood donation	This program was conducted to convey the importance of blood donation and to thank individuals who donate blood and to encourage those for future donators.
		Public health dentistry- International Geriatric day	The programme aimed to spread awareness about the need for health provisions and social care for elderly.
		Anti-ragging committee	This programme was conducted to emphasize the importance of creating friendly learning environment for students.
		Public health dentistry- Ethics and jurisprudence	This event was conducted to seed awareness about concepts of ethics, morals, mores and legal regulations among students.
	Health determinants	Public health dentistry and Pedodontics - Delivering dentistry to under privileged people	This programme was held to instigate the need of dental care in underprivileged rural community people.
		Public health dentistry and Prosthodontics- Dental care for people in	This event highlighted the importance of oral health care in elderly patients with systemic

		old age homes	disease.
		<b>Public health dentistry- Environment and their role in health</b>	This programme was celebrated to focus on raising awareness about issues such as global warming and the restoration of the ecosystem.
<b>Environment and sustainability</b>		<b>Haritha haram Program</b>	Haritha haram was celebrated to recognize the importance of plants and their contribution to the environment in the lowering of climatic temperatures, reduction in pollution levels, increase in general public health.
<b>Environment and sustainability</b>		<b>Public health dentistry- World water day</b>	World water day was celebrated to help educate and spread awareness on the importance of water.
		<b>Public health dentistry- world environmental day- ban plastic</b>	World environmental day was celebrated by imposing a ban on plastic in the campus. This was done to highlight the dangers of single use plastics.
<b>Right to health</b>		<b>Public health dentistry</b>	Lecture sessions on the right to health were given to deliver the need of health to all people whereby everyone has access to the health services when they need.
<b>Behavioural sciences</b>		<b>Orientation Programme</b>	A program on "Fundamentals of patient communication" was held to spread knowledge among students on patient-clinician relationships conducted and also to understand the impact of human behaviour in clinical practice.
<b>Gender</b>		<b>SHE and WE Committee</b>	This committee has celebrated International women's day and this committee has designed strategies and action plans to implement gender equality among students and faculty members.
		<b>Forensic Dentistry (Department of Oral Medicine and Radiology) And Department of Oral Pathology and Microbiology)</b>	Lectures were taken on different methods of gender identification using human teeth and skull to enhance their knowledge of this evolving field of dentistry.
