Mid-course improvement of performance of students

Midcourse improvement program of our Student mentoring system is very organized and highly functional in our MNR Institution. Constructive guidance that ensures strong impact on student's accentuated performance is rendered in the mid-term to assess the progress. Programmed remedial classes and interactive class are incorporated into the regular time table for students. Upon continuous evaluation of class test we provide opportunities to improve performance of the students in the examinations.

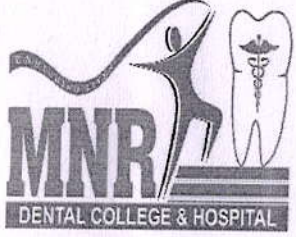

POLICY FOR MIDCOURSE IMPROVEMENT

- The objective of this program is to ensure overall growth of the student and to extract the best potential from the students
- To improve the individual academic performance of all the students
- To assess the limitations of the students and provide them through guidance and counselling for coping up
- To enhance the Parent, teacher and the student interaction and communication level.
- To render equitable service to all the students
- To inculcate necessary remedial measures, make up assignments revision test to aid in continual improvement
- Apprise the good learners to excel in their future academic goals
- To encourage students participate in various academic competitions like quiz.
- Encourage the students to attend conferences webinars to improve their knowledge academically.
