Brief Description:

Introduction and welcome note was given by Ravindra SV, principal, to our key note speaker, Dr. Pawan Kumar Kamalapurkar. Certain important points were considered before designing the clinic during the program, such as-

- Number of staff to be hired.
- The area of treatment room.
- Growth potential in the locality.
- Capacity of the waiting area to accommodate patients.
- Types of dental equipments used for various treatments
- Cost of setting up a dental clinic in India, between Rs. 3, 00,000 to Rs. 5, 00,000 as a one-time cost for equipment such as X-ray sensors, dental drills as well as basic hand instruments.
- Copy of audit, balance sheet, profit & loss account.
- Copy of local state registration certificate to be displayed indicating validity period.
- Permission from local municipal authorities
- To be registered under ministry of health and family welfare.
- Management of bio waste product, without polluting the environment.

Furthermore, Dr. Pawan addressed the students and emphasized on how important the healthcare profession is in the world today. He uplifted the spirit in students by sharing his life experiences and making everyone realize that every day is a new start & new lessons are being learned from different cases.

Conclusion: The event ended by vote of thanks, given by Dr. Harsha. The session was very interesting and students were benefited as they received an overall idea of private clinical set up.
