MEASURABLE CRITERIA FOR IDENTIFICATION OF SLOW AND ADVANCED LEARNERS

Student mentoring system is very organized and highly functional in our MNR Institution. Constructive guidance that ensures strong impact on students accentuated performance is rendered.

Upon continuous evaluation of Class test, Assignments, Viva voice, Internal and University examinations we categorize the students into slow and advanced learners

The students who scored less than 50% marks in internal exams and the students who have not cleared in University examinations are graded as slow learners.

Programmed remedial classes for slow learners and interactive class for advanced learners are incorporated into the regular time table for students.

To provide guidance effective learning and skillful development of our students and to find out slow learner good learners advanced learners.

POLICY FOR SLOW LEARNERS:

The objective of this program is to ensure overall growth of the student and to extract the best potential from all the students

To avail additional time for mentors to interact with their student in detail.

To enhance the teacher student interaction and communication level

To render equitable service to all the students

To improve the individual academic performance of all the students

To assess the limitations of slow learners and provide them through guidance and counselling for coping up

To inculcate necessary remedial measures, make up assignments revision test to aid in continual improvement

To encourage the slow learners to convert to advanced LEARNERS
