EVENT : Tips and tricks in handling conscious sedation
DATE : 21st October, 2021
TIME : 1:30PM to 03:30 PM
VENUE : Department Of Pedodontics And Preventive Dentistry

EVENT HIGHLIGHTS:

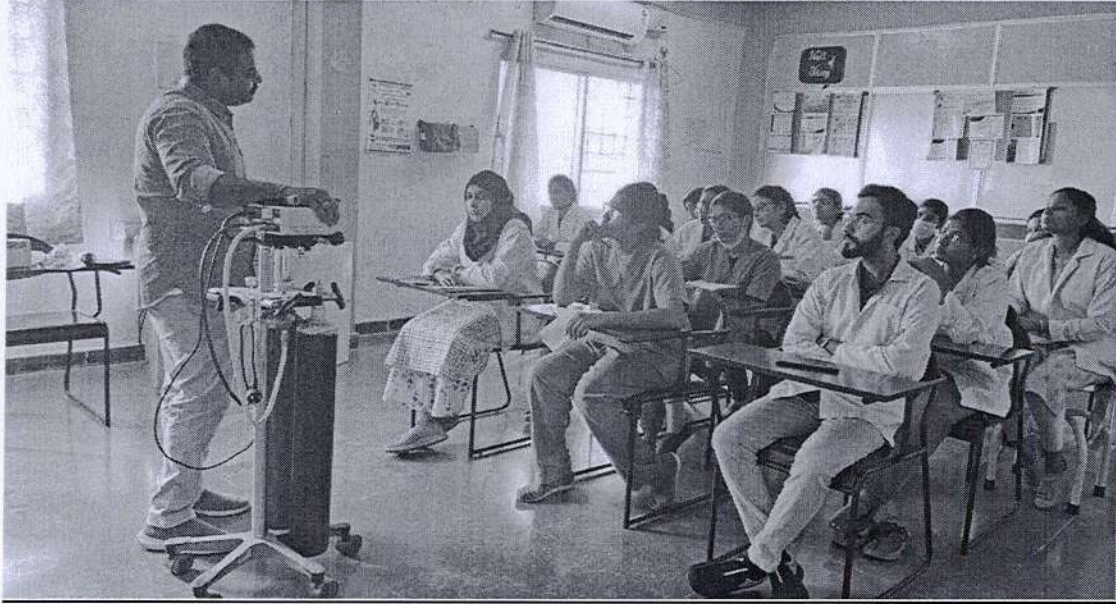

The program started with a welcome note by Dr.V Pranitha (HOD & Professor, Dept of Pediatric and Preventive Dentistry).

Dr. Sai Krishna started the program by his introduction. He gave a brief introduction of various systems of the body and explained about the parts of conscious sedation unit. He explained about levels, indication, contraindication, pros & cons of conscious sedation. He also exchanged his experiences in treating his patients by conscious sedation in his day-to-day practise. He concluded by saying how conscious sedation reduces the treatment time and makes the dental treatment easy.

CONCLUSION: The concern behind this program is to share the knowledge to post graduates and interns on conscious sedation.
