"BEHAVIOURAL SCIENCE" (2019-20)

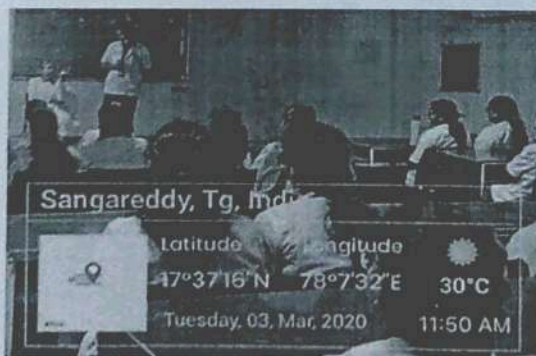

Activity Report

MNR Dental College & Hospital, Sangareddy organized an Inspirational Talk on 'Behavioural Sciences' for 1st year BDS students by Brahmakumari association.

The main objective of conducting this program was to engage students to learn how to apply behavioral science techniques as it would offer a deep and profound inner peace, happiness and well-being for all individuals. The students were taught using real life examples that occur in our day to day life, also power point presentations & videos were used. Students attended this session and an open feedback was taken from the participants. Students revealed that this program was very interesting and it would help them become a better person and to find counterintuitive solutions to existing problems and to discover how to design better behavioral interventions. Dr. Lavanya expressed the gratitude for sharing this expertise with everyone.

This lecture was held on 3rd March 2020 and about 19 students took part in the program.

Brief description:

Personality development helps gain recognition and acceptance from the society as well as people around. Personality development plays an essential role not only in an individual's professional but also personal lives. It makes an individual disciplined, punctual and an asset for his/her organization.

Personality is essential in the life of an individual which not only decides the professional success but also determines his/her overall behavior and attitude in personal life. Our personality determines how we act or react to the particular thing and how we interact and respond to the world. He told the students ways to improve their personality.

1. Be a better listener. Listening is something most of us take for granted.
2. Improve your communication skills.
3. Offer a helping hand.
4. Read more.
5. Try to see the humorous side of life.
6. Meet new people.
7. Do things that are just for yourself.
8. Expand your interests.

Brief Description:

Introduction and welcome note was given by Ravindra SV, principal, to our key note speaker, Dr. Pawan Kumar Kamalapurkar. Certain important points were considered before designing the clinic during the program, such as-

- Number of staff to be hired.
- The area of treatment room.
- Growth potential in the locality.
- Capacity of the waiting area to accommodate patients.
- Types of dental equipments used for various treatments
- Cost of setting up a dental clinic in India, between Rs. 3, 00,000 to Rs. 5, 00,000 as a one-time cost for equipment such as X-ray sensors, dental drills as well as basic hand instruments.
- Copy of audit, balance sheet, profit & loss account.
- Copy of local state registration certificate to be displayed indicating validity period.
- Permission from local municipal authorities
- To be registered under ministry of health and family welfare.
- Management of bio waste product, without polluting the environment.

Furthermore, Dr. Pawan addressed the students and emphasized on how important the healthcare profession is in the world today! He uplifted the spirit in students by sharing his life experiences and making everyone realize that every day is a new start & new lessons are being learned from different cases.

Conclusion: The event ended by vote of thanks, given by Dr. Harsha. The session was very interesting and students were benefited as they received an overall idea of private clinical set up.
