ACTIVITY REPORT

Name of the Activity: Gender equity vs equality

Institution : MNR Dental College & Hospital

Resource person : Dr. Hema

Faculty Involved : Dr. Surekha V, Dr Rupa

Content Delivered: Gender equality and gender equity are related terms but have different meanings. While the words sound similar, the definitions and practical usage are different. Equity sets the stage for equality, as it refers to the "fairness of treatment for both women and men, according to their respective needs." If equality is the end goal, equity is the means to get there.

Description: The dual meaning of the word equity presents both a challenge and an opportunity for business. A challenge because the distinction between gender equity and gender equality is unclear to most people, and bringing clarity and purpose to this conversation is an important step along the path to eliminating the gender equity gap. An opportunity because we now have the insights to open the eyes of individuals and business leaders as to this distinction, thereby making it possible to move forward along the journey to gender equality in the workplace.

The session got started with an explanation and learning about the meaning of both the terms as they sound similar to assume. This power point presentation was followed by an interaction with the students to assess what they comprehended and asked to come forward with any doubt regarding the presentation. We ended the session with vote of thanks delivered by Dr. Aditya Mohan.

Audience : Students and staff

Attendance : 60

Conclusion : The event ended with a short speech by Dr.Surekha on the topic of discussion.

Committee for Institutional Values and Best Practices

ACTIVITY REPORT

Name of the Activity : Gender inequity in education

Institution : MNR Dental College & Hospital

Resource person : Dr. Sushma

Faculty Involved : Dr Surekha , Dr Hema, Dr.Pranitha

Content Delivered: In general meaning, we accept that education deals with formation of habits of human beings. If so, we need education seriously to focus on promoting the equal participation of women and men in making decisions; reducing enrollment gap between women's and men's access; giving equality in learning process, educational outcomes and external results; and providing equal benefits for both sexes. Through this meeting we will discuss main issues such as significance of gender equity in education, a philosophy of education based on gender, patriarchal and traditional effects on females, and educational approaches for two sexes.

Audience : Students and staff

Description: Gender equity or equality in education means that males and females have equal opportunities in terms of economic, social, cultural, and political developments. If gender equity is exactly achieved this will contribute to future of girls and boys more than approaches men-centered, and girls will get benefits from public and domestic life as much as boys. The session was started with a welcome note by a committee member, followed by the introduction to the topic "Gender Inequity in Education".

Dr. Sushma started the session in an interactive mode asking the students and staff if they ever felt that they were treated differently from boys in extracting the benefits of education system in our society. She asked the students to pursue their dream education and not to be restricted by the societal norms of Domestic life alone. The session was ended with a vote of thanks by Dr. Surekha

Attendance : 80

Conclusion : The event ended with a short speech by Dr. Hema on the same topic.

Committee for Institutional Values and Best Practices

ACTIVITY REPORT

Name of the Activity: Women Empowerment- Societal Norms

Institution : MNR Dental College & Hospital

Resource person : Dr. Vijetha

Faculty Involved : Dr. Mohammadi Begum, Dr Rupa, Dr. Sushma, Dr. Surekha

Content Delivered: Empowerment of women is a necessity for the very development of a society, since it enhances both the quality and the quantity of human resources available for development. Empowerment is one of the main procedural concerns when addressing human rights and development.

Description: Women's empowerment and achieving gender equality is essential for our society to ensure the **sustainable development** of the country. Many world leaders and scholars have argued that sustainable development is impossible without gender equality and women's empowerment. Only acknowledging men's participation will not be beneficial to sustainable development. In the context of women and development, empowerment must include more choices for women to make on their own. Without gender equality and empowerment, the country could not be just, and social change wouldn't occur. Therefore it is agreeable that women's empowerment plays a huge role in development and is one of the significant contributions of development. Without the equal inclusion of women in development, women would not be able to benefit or contribute to the development of the country.

The session was started with a very empowering speech by Dr.Vijetha, who tried emphasizing the importance of women empowerment in our society for the benefit to the whole nation in terms of economy and politics as well. The students had an interaction with the staff in terms of the role of patriarchy on their empowerment in day to day life.

Audience : Students and staff

Attendance : 100

Conclusion : The event ended with a short speech by Dr.Rupa on the same topic

Committee for Institutional Values and Best Practices

ACTIVITY REPORT

Name of the Activity: Women Career Mentoring Programme

Institution : MNR Dental College & Hospital

Resource person : Dr. Hema G and Dr. Surekha V

Faculty Involved : Dr. Mohammadi begum, Dr Sushma, Dr. Rupa, Dr. Pranitha

Content Delivered: There is a lot we all have to do to level the playing field in the workplace. Hopefully, our society soon overcomes gender-related work issues but until then a women's mentorship program can help your female employees take on the challenges they encounter.

Description: Mentorship programs often entail pairing an inexperienced employee with someone in a leadership position. They're both expected to meet weekly and discuss whatever is on the mentee's mind. This approach is a little too forced. Some pairs will hit it off and others won't. The ones that don't form a strong relationship won't benefit from the mentorship program. It can be a better idea to start with an open group where all the program participants meet to share thoughts and feelings.

The session was started with a very informative speech by Dr.Surekha who spoke about the workplace difficulties that could be faced by a novice employee. She appreciated the organizations to looking forward to help the women employee by such a wonderful training yet familial environment. Dr. Sushma gave vote of thanks and the event got ended by a short interaction with students.

Audience : Students and staff

Attendance : 50

Conclusion : The event ended with students and staff interaction.

ACTIVITY REPORT

Name of the Activity : International Mother's Day

Institution : MNR Dental College & Hospital

Faculty Involved : Dr Surekha V , Dr Sushma

Content Delivered: Women is the Power of the Nation, A powerful women can change the world around her. On the eve of Mother's day the committee for women empowerment organized an event to promote girl child protection in the surrounding community.

Audience : community population, Students and staff

Description : The event started with a welcome note by the committee chairperson followed by addressing the village public about the scheme "BETI BACAHO BETI PADAO" introduced by the Government. The members educated many people about saving a girl child, they also highlighted that it is illegal to find out the gender of the fetus, and how dangerous are the abortions performed. A girl child in a house can lighten the family, there should not be any gender discrimination, girls are as strong as boys. And specially for a girl child there are many beneficial schemes available by Government right from her health to education.

Attendance : 60

Conclusion : The event ended with a thank you note by Dr Sushma Reddy.
