ACTIVITY REPORT

Handmade Rakhi Stall by Special Children

Date: 25th August 2026

As part of the **Raksha Bandhan** celebrations; a handmade Rakhi stall was organized in the premises of MNR Dental College and Hospital by the **Department of Pedodontics and Preventive Dentistry**.

The programme was inaugurated by our **Principal, Dr. Vinay Kumar Reddy**, in the presence of faculty members of the institution (MNRDC). The Principal and faculty members extended their support and encouragement to the children and appreciated their creativity, talent, and sincere efforts.

The stall showcased beautifully handcrafted Rakhis prepared by the **specially-abled children of Sabita Special School**, providing them with a valuable opportunity to exhibit their creativity, skills, and craftsmanship. The initiative aimed to provide a platform for the children to showcase their abilities while promoting **inclusivity, empowerment, and recognition of their talents**.
